

# Did Democrats cover up the TRUE cure for cancer?

Hello. I'm **Dr. Marc Micozzi**.

I'm about to show you how **confidential research** at the National Cancer Institute...

**...research that I witnessed with my very own eyes more than a dozen times...**

**...verified the existence of a medical miracle for the deadliest cancers.**

*This life-saving discovery was then **denied** to the American people...*

And **would have remained locked away forever** – *except for one thing...*

**I kept the file.**

During the next 1:43 of this video, I'm risking my reputation as one of America's most-trusted cancer experts to **reveal the truth...**

About a treatment **so potent** that terminal lung, ovarian, and colon cancer patients...

People whose cancer doctors had called **"hopeless"**...

**...saw survival rates increase by 481%, 630%, 1500%, and more...**

And I'm also going to show you exactly **WHY your own doctor will never hear about this astonishing cancer-reversing treatment...**

So that even if you are diagnosed with the most aggressive cancer...

*...or if you've exhausted all conventional treatment options...*

**They'll still NEVER offer you this scientifically verified cancer miracle...**

That's also why, most importantly, I'm going to show you **how YOU can get this covered-up cancer solution for yourself, today...**

*So let's get started right now...*

In 1984, having studied biology, chemistry and life sciences at the US **Air Force Academy...**

And holding both an **Ivy League Medical Degree...**and a Ph.D.

I'd earned a position as **Senior Cancer Researcher** at our country's National Cancer Institute in Bethesda, Maryland.

In my role, I was privy to **every piece of new research about the latest in cancer treatments...**

I'll tell you, **I loved my job.**

And I was totally committed to doing my part to find **a cancer cure for all Americans...**

But what happened one frigid afternoon in February 1985 ***will just continue to haunt me forever...***

Because that's when a senior researcher (I'll keep her name **confidential**, but she's a brilliant scientist whose work I'd admired for years)...

Burst into my office, with a thud, dropping a thick stack of manila files on my desk...

It was stamped **"PRIVATE"**... and I recall there was a handwritten label on it as well...

**...the "Corbisin" Cancer Project.**

She was flushed and her voice was shaking...

*"I think this is it," she whispered.*

**"The CURE for cancer."**

She started listing off results from new research she'd uncovered on something called **"Corbisin"...**

*...that shrank tumors away to nothing...*

**And was even saving end-stage, terminal cancer patients.**

It was so exciting, but I was **skeptical.**

*Could this really be true?*

She left the **Corbisin file** with me...

And I spent that entire night poring over every single word in the file... **twice.**

**And darn if she wasn't right.**

The ironclad science **CONFIRMED** Corbisin to be...

...**the most powerful and perfect cancer destroyer** I had ever seen or heard about. (*This is still true 40 years later.*)

Truth is, *I could hardly believe what I was reading...*

Corbisin was first discovered by a **Nobel Prize winning genius...**

His groundbreaking experiments showed it uses a unique chemical property to **destroy cancer cells like an army of trained assassins...**

*...while leaving normal cells untouched and completely healthy.*

And the results for **real cancer patients** were the most remarkable of all...

I'm talking about people living **300% longer** than those who got conventional, mainstream treatments...

Take a look at this study...

Corbisin was tested on end-stage, terminal lung cancer... *considered "hopeless," with a paltry 3% survival rate...*

But with Corbisin, **that survival rate increased by 2,000%...**

Stage 4 colon cancer usually has only a 1 in 10 **survival rate...**

With Corbisin, that skyrocketed to a **mind-bending 8 in 10 survival rate...**

And that was just the beginning.

I found *even more* studies...

I couldn't stop reading, especially when the patients' stories were so *inspiring*...

Army veteran Jeff's hopeless bladder cancer... **DISAPPEARED.**

Kathy's deadly lymphoma... **GONE.**

Carol's metastatic kidney cancer... **CURED.**

I'll tell you **everything you need to know** about how Corbisin works in just a moment...

*...including full details on the **dramatic real-life survival stories**...*

But first, I want to show you exactly **why your own doctor has NEVER mentioned Corbisin to you...**

Why this discovery was never **front-page news** on every paper in America...

And why – if you have cancer – I'm afraid your oncologist won't **ever** offer this scientifically demonstrated treatment to you...

That takes us back to 1985, sitting in my little office at the National Cancer Institute...

I told the scientist who'd brought me her research that I **fully agreed with her findings.**

*"What the discovery of **penicillin did for curing infections**...*

*Or how Jonas Salk wiped out polio"* I said...

**"We'll soon think of Corbisin the same way for CANCER."**

*We couldn't wait to get the word out...*

So, we agreed she'd take her research to our **bosses...**

*...who were **politically appointed bureaucrats** reporting to the muckety-mucks at the National Institutes of Health.*

And the very next day, she took in her research and I waited...

*...expecting to hear **whoops and hollers of joy**...*

And perhaps even some **popping champagne corks.**

It never happened.... **the silence was deafening.**

Later, she told me our bosses congratulated her on her "fine work".

And then assured her they'd "look into" her Corbisin research....

And that was that.

*We never really heard another thing about it.*

Now, again, let me remind you – **I witnessed every piece of this story with my own eyes.**

And I'd spent my career as an **insider** at top government and military medical centers, hospitals, and research institutions.

I've seen the deals made *and the ones that got squashed*...

I've seen the unholy influence **Big Pharma** has on our country's political and scientific

process...

And there is **no question** in my mind what happened that day in 1985...

**Our political bosses BURIED a TRUE CANCER BREAKTHROUGH for political reasons...**

**Why?** Well, no one can say for sure, *but let me put this out there...*

**Corbisin is 100% natural.**

And it cost just pennies per dose...

What I'm saying is: **Corbisin is NOT a drug.**

And that means it can not be patented and sold for millions of dollars.

Now, that **should** be great news for me and you – *a natural cancer therapy that is completely safe and costs just pennies a dose?*

But that's not how our medical system works.

The US "cancer industry" makes about **\$900 BILLION annually** – *that's about 5 times the size of General Motors!*

And one **disgraceful way** they make so much money?

**By charging INSANE prices for cancer treatments.**

For example, the FDA recently approved a skin cancer drug that had reduced the size of tumors in a little over half of patients.

And the **cost** of using this modest success?

Try **\$141,000** for just the first 3 months of treatment.

Or how about chemotherapy that costs **\$10,000 PER DOSE?!**

It's outrageous... ***practically criminal even.***

*Who can afford that?*

*And how do they get away with it?*

Well, here's the **smoking gun.**

You see, **every year pharmaceutical companies pay Washington DC politicians more than any other group...** *by a long shot.*

In fact, Big Pharma pays about a **quarter BILLION dollars** (Yes, that's \$250,000,000!) to our politicians *every single year...*

That kind of money buys them a LOT of influence...

Their "friends" in our Federal government – **especially the Democrats** – are their partners in crime.

If you don't believe me, consider this eye-opening fact:

Big Pharma contributed **the least** to President Trump's campaign of ANY candidate... *less than two thousand dollars.*

But – in comparison – guess how much they gave to **Hillary Clinton?**

**\$240,000.**

**The most of ANY candidate.**

It's pretty obvious they wanted a Democrat in the White House. *They know who their friends really are.*

The truth is, Big Pharma practically **RUNS our government** behind the scenes...

So it's not too hard to figure out what happened to **cancer-crushing Corbisin.**

**It got buried...**

Because it's NOT a money-making drug.

If you want to know the REAL truth about medicine in our country, **just follow the money...**

Now, eventually, I left the National Cancer Institute to become Associate Director of the Institute of Pathology at Walter Reed Medical Center.

And this story might have ended there.

My bosses at the National Cancer Institute – the career bureaucrats who ignored **the most powerful cancer therapy** ever discovered...

***...made one HUGE mistake.***

**They let me leave with copies of the whole Corbisin file.**

I'm talking about **ALL the research...**

Exactly where to find Corbisin...

How to use it to **fight cancer, reverse cancer, and how it could even CURE cancer...**

**I took it all with me.**

And, today, in this presentation... **RIGHT NOW...**

**I'm unsealing the file.**

I'm going to show you everything I know about Corbisin...

So you can access this life-saving treatment for yourself or a loved one **who needs their own cure.**

*Here's the shocking truth...*

Corbisin was first discovered all the way back in **1912.**

It's an **organic chemical compound** – meaning it's natural – found inside the leaves, stems, and fruits of certain tropical plants.

In 1976, a **2-time Nobel Prize winning chemist** began studying Corbisin as a potential disease treatment.

He found when he introduced this specialized plant extract to **cancer** cells, something astonishing happened...

**It DESTROYED cancerous tumors...**

*But left normal, healthy cells untouched.*

And when he took it outside the lab, and tested it on **cancer patients...**

**Late-stage, terminal cancer patients** treated with Corbisin...

**...lived 300% longer** than those who didn't get it.

Remember, these were patients on the verge of death.

And the group that got Corbisin were **blessed with 300% more time** with their families and loved ones.

Now, I've found even more real-life success stories of people *on the verge of cancer death...*

**Who were SAVED by Corbisin.**

Let me tell you about **Carol T.**, a 51-year-old wife and mother from Abilene, TX.

Sadly, a few years ago, she started experiencing some strange health symptoms.

So she went to the hospital for tests.

That's where she got some **very bad news.**

Doctors discovered a large **tumor** on one of her kidneys.

It was already bigger than a golf ball... *and spreading.*

Soon after the news got worse. **Much worse.**

The cancer had spread to her chest, with **multiple tumors** showing up on her scans.

Things looked very grim.

*But Carol knew something her own doctors didn't...*

**She'd heard about Corbisin.**

And against her own doctors' advice, Carol refused standard treatment.

Instead, she started using **Corbisin.**

After her Corbisin treatment was completed, she went back in for more scans.

Imagine the looks of astonishment on her doctors' faces when they discovered...

*All her tumors had vanished.*

**Carol's cancer was 100% GONE.**

Thanks to the miracle of Corbisin...

Or what about 49-year-old **Jeff A.** from Macon, GA?

An Army veteran, **Jeff was diagnosed with a huge tumor on his bladder**, surrounded by several ping-pong-ball-sized tumors.

The "mainstream" treatment for this kind of advanced cancer would have been partial or

advanced cancer would have been followed by full removal of his bladder.

This painful procedure typically means using an **external urine bag** *for the rest of your life.*

And with so many additional tumors, the outlook for Jeff really looked hopeless.

But then Jeff learned about **Corbisin**.

After using a natural Corbisin protocol instead of "conventional" treatments...

**All Jeff's tumors disappeared.**

It's true – Jeff's advanced cancer was cured by this all-natural plant extract.

And 8 years later, *he remained cancer free and loving life!*

Or there's Kathy D., 66, from Minneapolis, MN.

Kathy had a **deadly** form of B-cell lymphoma.

After using Corbisin, **her cancer was gone.**

10 years later, Kathy was still healthy, **with zero signs of cancer.**

Even the scientific paper that published her amazing story had to conclude: **"A cure occurred in connection with [Corbisin]."**

And while Corbisin remains essentially unknown in the mainstream healthcare community...

There is a small medical facility in Washington state that has started using Corbisin as a complementary treatment... to beat **breast, colon, brain, pancreatic and lung cancers.**

This facility accepts patients in the final, *terminal* stages of their disease, after all conventional cancer treatments have failed.

This clinic has seen 8 patients who came in with **advanced, stage 4 colon cancer.**

Typically, only about **1 in 10 people** with this end-stage cancer are still alive 5 years later.

But after 3 years, 7 out of 8 of the Corbisin protocol patients were still alive.

**That's an incredible 80% survival rate against stage 4 colon cancer!**

They've also seen 6 patients with scary stage 4 breast cancer.

*National statistics show that most people with this deadly stage of the disease don't make it even 3 years.*

But with the Corbisin protocol, **100% were still alive after 3 years.**

There's more.

They've also treated 12 patients with deadly **stage 4 lung cancer.**

Now, according to mainstream doctors, *if you have this type of cancer there's almost no hope at all.*

The national data shows just a **3% survival rate** for this cancer.

But a **full 64%** of these "terminal" patients who got the Corbisin protocol lived past 3 years...

I know that's a lot of figures to put out there... but the bottom line is this:

There's a hopeless **3% chance of survival** *after* undergoing sickening chemo, disfiguring surgery, scorching radiation...

...and whatever other barbaric therapies "conventional" medicine has to offer...

**Or a 21X better chance with Corbisin.**

*I'd sure prefer the Corbisin odds, wouldn't you?*

Because even when things look completely *hopeless*, **Corbisin works.**

Do you know someone right now who needs a **miracle?**

Can you see how important it is they learn about Corbisin today?

Think about it... what does knowing about **Corbisin** now mean for you and your family.

Can you finally **drop the fear of cancer...** *for good?*

**Knowing that you could now hold the CURE?**

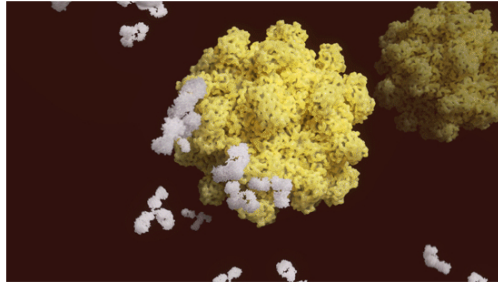

And if you, a loved one or friend has cancer, you **MUST** learn how to get your own supply of Corbisin today.

But before I explain how to secure your own personal supply...

You might be wondering **HOW Corbisin shrinks tumors, destroys cancer cells, and reverses even end-stage cancers...**

...all without harming normal cells?

So let me show you exactly how it works...

You know that your **immune system** defends your body from infections and viruses...

And it even fights diseases ... through something called "**Natural Killer**" or **NK** cells.

NK cells are white blood cells that **swarm** to an infection, virus, parasite or any other "foreign invader" in your body and attack it.

**They're like a tiny but fierce army...** *determined to destroy anything that could harm your body.*

And your army of Natural Killer cells has a **secret weapon**... chemical warfare!

They use the oxygen and hydrogen in your body to create a special chemical compound: **H2O2**.

Then they use H2O2 to **destroy any invaders**... like viruses or bacteria or anything that does not belong in your body.

And... that **SHOULD** include cancerous tumors.

**But there's a problem.**

You see, *cancer is devious*...

It has a way of "cloaking" itself **so the Natural Killer cells won't see it**.

And cancer's disguise is so *effective*, your NK cells may just **IGNORE the growing tumors**...

So the cancer swells and spreads, **undisturbed**.

**That's exactly why cancer is so deadly...**

*And that's where Corbisin comes in.*

Corbisin, this natural extract from a tropical fruit...

...administered in a special way so that the right amount gets to the tumor...

**...rips off the "disguise" cancer cells use.**

This **exposes** the cancer cells.

*So your army of NK cells come charging in...*

They use their chemical warfare to drench the cancer cells in H2O2... **and destroy them**.

**Tumors shrink away...** *until the cancer is gone.*

It's amazingly simple – **but SO effective**.

**You're using your own natural immune system to destroy cancer cells...**

**Even the deadliest types of cancer...**

...with some powerful help from an all-natural therapy called **Corbisin**.

And even more amazingly... the H2O2 "chemical warfare" does not damage your healthy cells.

That's because normal cells have a chemical called "**catalase**" that neutralizes its effects.

I'm about to show you how **confidential research** at the National Cancer Institute...

**...research that I witnessed with my very own eyes more than a dozen times...**

...verified the existence of a medical **miracle for the deadliest cancers**.

*This life-saving discovery was then **denied** to the American people...*

And **would have remained locked away forever** – *except for one thing...*

**I kept the file.**

During the next 1:43 of this video, I'm risking my reputation as one of America's most-trusted cancer experts to **reveal the truth**...

About a treatment **so potent** that terminal lung, ovarian, and colon cancer patients...

People whose cancer doctors had called “**hopeless**”...

**...saw survival rates increase by 481%, 630%, 1500%, and more...**

And I’m also going to show you exactly **WHY your own doctor will never hear about this astonishing cancer-reversing treatment...**

So that even if you are diagnosed with the most aggressive cancer...

*...or if you’ve exhausted all conventional treatment options...*

**They’ll still NEVER offer you this scientifically verified cancer miracle...**

**Exactly how Corbisin works to defeat cancer** – including information you can share with your own doctor (I think she or he will be very impressed)...

**Exactly how to get your own supply** – including my number one recommended source...

**Exactly how to use Corbisin** – Note: It’s not a drug so it doesn’t require a prescription...

*Every single detail...*

**Free.**

I’ll even mail a copy of the full file directly to your door or mailbox, completely on my own dime.

I won’t even ask for anything to cover postage – **free means FREE.**

I’ll show you why in just a moment...

You might be wondering: **Why am I doing this?**

Well, the truth is... **I never wanted the spotlight.** *Far from it.*

I’ve devoted my entire career in trying to help Americans – **especially older Americans** – *beat life-threatening disease and live longer, healthier lives...*

*...with innovative, scientifically developed treatments and cures* **that mainstream doctors simply do not know...**

And I’ve been **humbled** by the recognition my work has received in the medical community.

Over my **40-year career** I’ve worked in the nation’s most prestigious healthcare organizations...

*...including the National Institutes of Health, Walter Reed National Military Medical Center, the University of Pennsylvania, and Thomas Jefferson University Hospital.*

And I’ve been lucky enough to collaborate with Nobel Prize winners and the brightest minds in science, medicine, and public policy...

*...from former US Surgeon General C. Everett Koop, to Attorney General Janet Reno.*

And in 2003, I was so honored to be awarded the prestigious **National Award for Excellence** by Citizens for Health, in Washington, DC.

But winning awards and having articles written about me was not my personal ambition.

No, my mission has always been to show Americans **there are true disease cures and treatments available RIGHT NOW...** *if you only know where to look.*

And to take on the pharmaceutical giants who care a whole lot more about their bottom line **profits...**

*...than they care about* **curing the real Americans who need help the most.**

So that’s why I’m sharing Corbisin with every American today.

I feel it’s my duty... **as a doctor, as a patriot, and as a Christian.**

*Look, I know some people can’t handle this kind of controversial information.*

But since you’ve made it this far, I know **you’re a whole lot smarter** than the average person out there...

*Your eyes are wide open.*

You know that corporations – *and even our own politicians* – **seldom have our best interests at heart.**

**I’ve seen it first-hand, again and again.**

And I’m saying it here and now: **I’m not going to stand for it anymore.**

That’s why **I want to mail you my entire file on cancer-destroying Corbisin...**

*...so you can review it for yourself and make up your own mind.*

I’ve written the whole thing in plain, easy-to-follow English...

So you'll know exactly how to access **your own supply of this life-saving cancer treatment...**

...that costs just **pennies** a dose.

And I'll tell you exactly how to claim your own **FREE** copy of my private Corbin file in just a moment...

But – because I think we see the world in the same way...

I have something even **bigger** to share with you.

You see, through my **40 years** of experience in the upper echelons of American medical institutions...

I've been in the rooms where **astonishing disease breakthroughs were discovered...**

...and then immediately **covered up** because they somehow threatened Big Pharma's profits.

So I made it my duty to **collect every covered-up cure** out there...

...building a treasury of the most powerful **underground cures** available...

...all kept safe under lock and key in my home office.

**Until today.**

In this presentation, **I'm revealing every single one of them to you...**

...including **the complete Corbin protocol...**

...that shrinks tumors and **saves the lives of even "terminal" cancer patients...**

*But that's just the start...*

I'm also going to reveal my complete file on the **N.D.R. Dementia Protocol...**

**The ONLY Alzheimer's disease reversal...**

...with a **90% success rate CURING memory loss** and actually **RE-GROWING** a new, healthy brain...

So how did this one get covered up? (Well I'll share that outrageous story too)...

But – if you or a loved one is starting to experience even mild memory loss, it's vital you get **this only known solution for Alzheimer's...**

Plus, I'm opening my private file on **Barbary Leaf.**

...the all-natural diabetes eraser **shown to work better than Metformin.**

This botanical wonder makes your body process sugar like it did **BEFORE you became diabetic... it's a true game-changer...**

**I'll also show you the joint pain reliever so incredibly potent**, I call it the "Herbal Knee Replacement"...

Or how **41 million seniors could be "walking heart attacks"** but have NO CLUE. It's because 98% of doctors never check for the **TRUE #1 warning sign** that I'll reveal next...

And, most importantly, **I'll also show you how to get every single one of these life-saving cures and treatments... free.**

Because I've taken every one of my private files on **underground solutions** for cancer, diabetes, dementia, heart disease, pain, and more...

And I've compiled them into a 550 plus-page book called **The Micozzi Files: The Corbin Cancer Secret and 55 More Covered-Up Cures.**

And I want to send you your own FREE copy of my book today – **with my most sincere compliments.**

I don't think there's ever been a more dangerous time to be an American – *especially if you're over the age of 60.*

I see the way our country is headed with socialized medicine that will **drive healthcare costs way, way up...**, deny you access to care, and *decrease medical innovation.*

While the **TRUTH** is:

There are disease therapies – **even cures** – *shown by the latest science...*

...some that are already **in regular use** in advanced, western countries around the world...

...that **cost just pennies a dose** but *don't require a prescription...*

And they're **available to American citizens TODAY... Right now.**

Friend, **you don't need to go bankrupt** or empty your savings to afford medical care...

**And you don't need drugs** with dangerous side effects... that often don't even solve your problem, but just cause others.

Now here's a **fact** that Big Pharma prays you never hear:

Drugs never by themselves actually **cure** anything – not once in the history of medicine.

They just keep you sick... *so you spend more and more and more...*

With these **new natural cures and treatments, that work better than drugs**, you'll finally have the golden years you deserve...

...where you're **free from the fear of cancer, Alzheimer's, diabetes, heart disease...**

Where you **don't feel pain... or worry...**

And where you feel as energetic and full of life **as you did 30 years ago**.

**That's my sincere promise to you** – as an American who truly loves our country and our people.

When you claim your own personal copy of ***The Micozzi Files: The Corbin Cancer Secret and 55 More Covered-Up Cures...***

...you'll get **every single one** of my most powerful disease-reversing therapies for cancer, diabetes, heart disease, and more...

*So let me show you everything now...*

Starting with the most important breakthrough I've ever seen for fully **RESTORING your memory and brain...**

If you've been starting to notice your **memory** slip a little...

Or perhaps those embarrassing "senior moments" are becoming a little more common...

Or even if you or a loved one has been diagnosed with "cognitive impairment" or dementia...

No matter your current condition, **if you're over the age of 60** you need to be concerned about getting Alzheimer's disease...

This dreaded disease has become an **out-of-control epidemic** in our country... with millions of seniors being diagnosed every year...

And here is a scary fact: Even extremely "mild" memory loss is **often the first sign of Alzheimer's**.

So that's why it's crucial that you know...

**There's a miracle for Alzheimer's available right now...**

Called the **N.D.R. Protocol**.

N.D.R. stands for **Nutrient-Based Dementia Reversal**.

And it has a scientifically verified **90% success rate...**

**Restoring lost memories** and actually...

**Regrowing new, healthy brain tissue.**

Not only that, it was developed in 2012 and **authenticated by UCLA Medical School**.

But your doctor doesn't know a darn thing about it.

Why? Because it's a scientifically developed protocol **that you can do from home...**

N.D.R. involves a combination of special **brain-nourishing nutrients...**

And a **simple** – *but very specific* – protocol that includes eliminating certain Alzheimer's-causing foods...

It actually changes your brain's chemistry to **bring back your precious memories...**  
*regrow your brain...*

**And REVERSE dementia or Alzheimer's disease.**

The **N.D.R. Protocol** is a few simple steps – *all of which you can do right at home...*

But there's one important thing it does **NOT** include.

There are NO pharmaceuticals or drugs involved. **Not one.**

So, once again, **Big Pharma can't make their billions from it.**

Fact is, N.D.R. is a huge threat to their profits, *because there's a dirty little secret they hope you'll never hear...*

**Alzheimer's drugs don't work.**

Not at all.

There's **not a single drug** that has shown any ability to improve memory or reverse Alzheimer's.

In fact, over the past decade alone Big Pharma has spent more than **\$10,000,000,000** doing clinical trials on Alzheimer's drugs...

*Without a single successful trial.*

### **Not ONE.**

But that doesn't stop Big Pharma from pushing their worthless drugs on patients and families *when they're at their most vulnerable.*

Alzheimer's drugs are a scam...

And worse, ***they're dangerous.***

After all, common side effects include **gastrointestinal bleeding, seizures, convulsions, slow heartbeat, and anorexia...**

Any of these could easily be **deadly** for someone with dementia...

In fact, **2 renowned doctors** from Dartmouth University took the unusual step of...

...petitioning our government **against the approval of Alzheimer's medicines**, saying:

"Sadly, the available drugs don't work well. But that is no excuse for manipulating vulnerable patients, desperate family members, and their doctors..."

**"...to use a product that is most likely to cause net harm."**

There it is: **Dementia drugs don't work.**

If you or a loved one gets Alzheimer's, "modern" medicine has **NOTHING** to offer you.

So how angry does it make you to know the **N.D.R. Protocol that REVERSES Alzheimer's...**

**...is verified to work in 90% of cases...**

**...restores failing memory...**

**...and actually regrows new, healthy brain tissue...**

It's been known to our government since 2012 -- **and they've said nothing?!**

Especially when it's been a **lifesaver** for the people who've been lucky enough to use it...

Like **Mary Q.** from Calabasas, CA...

At 67, Mary was suffering from **years of progressive, severe memory loss...**

She couldn't remember where the light switches were in her house...

She got **lost** driving even familiar streets near her home...

And by the time Mary finished reading a page of a book...

...she'd have already forgotten what it said at the beginning of the page...

No question... **her situation was grim.**

In fact, **Mary was so frightened of ending up in a nursing home**, unable to recognize friends or family...

**...that she was tragically planning to commit suicide.**

Luckily, a friend had heard about the new **N.D.R. Protocol...**

So Mary started *doing the simple N.D.R. steps from home...*

And just 90 days later... **a miracle** had happened.

**Mary's memory was RESTORED.**

Meaning, her memory, her wits and her mind – **had all RETURNED to normal.**

She was able to drive, read, and work just as she had **decades** before.

Now, over 2.5 years later – at age 70 – **Mary's memory is still lock tight...**

She has no signs of any memory loss... **and she still works full-time!**

And while Mary's story is moving...

She's far from the only one who experienced a **complete reversal of memory loss** with the N.D.R. Protocol.

Like Roy A., 69, a small business owner from Charleston, SC, **who was suffering from severe memory loss...**

He could no longer recognize his employees... or do simple math in his head...

He'd frequently forget appointments...

Worst of all, Roy's memory loss was clearly going downhill ... *he was getting worse FAST.*

**And he was about to lose his business.**

But, luckily, he learned about the groundbreaking **N.D.R. Protocol**.

And just a few months later...

**All Roy's symptoms were gone.**

Now, he recognizes faces at work again...

He performs complex math equations in his head...

Roy's fully back to work and no longer in danger of shutting down his business.

In fact, at his follow up testing...

The neurologist said Roy's miraculous improvement **was unlike anything he'd seen in his 30 years in medicine!**

(NOW THAT'S AMAZING!)

There's also Patricia F., of New York....

Even though she was just 55 years old, **Patricia was suffering severe memory loss...**

She would **frequently leave the stove on when she went out**, *lucky that she never burned her house down...*

And as an attorney, Patricia would forget important meetings...

She even took the risk of recording work conversations because she would quickly forget what had been said...

*But that still wasn't enough.*

Eventually, Patricia's memory was so far gone that she couldn't work anymore **and had to quit her job.**

But after doing the N.D.R. Protocol, **everything changed.**

**Her memory returned to normal...**

She no longer needed to record conversations...

And she was able to return to work as an attorney.

*Patricia even started learning Spanish...*

Now, how does it feel to know that you, your spouse, or any of your loved ones...

**No longer need to fear getting Alzheimer's disease?**

And if you or someone you love is experiencing memory loss, cognitive decline...

Or even has been recently diagnosed with Alzheimer's...

You could now **reverse the disease.**

Without drugs... *without medical treatments...*

**From the comfort of your own home.**

As long as you know the **N.D.R. Protocol**.

And while the mainstream has virtually ignored this **memory-saving protocol...**

**I've kept every detail in a confidential file.**

And I've copied the entire file into your complimentary volume – ***The Micozzi Files: The Corbin Cancer Secret and 55 More Covered-Up Cures.***

You'll see **HOW** the N.D.R. Protocol can reverse your memory loss...

...and you'll understand **WHY** it works.

I won't go into the science here, but in **my Micozzi Files** book I explain how Alzheimer's is a very complex disease, *affecting multiple pathways in your brain...*

And the N.D.R. Protocol is the only therapy that treats **ALL** of them...

Alzheimer's drugs fail because they focus on only treating Wb component of dementia!

Think of it this way: If you had a bucket with a dozen holes in it and you only plugged one of them... *it wouldn't do a whole lot of good.*

Alzheimer's is a little like that bucket full of holes.

The disease affects multiple brain pathways... so if you only treat **1**, *you're hardly doing anything at all.*

but if you plugged ALL the noies... meaning, if you treated every single one of the Alzheimer's pathways in your brain...

**You'd have a CURE for your memory loss...**

...you'd **REVERSE** your dementia...

...and you'd even **REGROW** your brain....

That last part is really important.

See, when people get Alzheimer's **their brains actually start to shrink...**

This is especially true in the hippocampus, the part of your brain responsible for **memory...**

But using the N.D.R. Protocol, **patients have seen their brains actually grow back...**

In fact, one patient suffering from Alzheimer's had seen his hippocampus shrink down to just the 17th percentile... meaning 83 of 100 people had larger brains.

But after using the N.D.R. Protocol, **his hippocampus grew all the way back to the 75Th percentile...**

That's right – the N.D.R. Protocol can actually **REGROW your brain.**

And you'll get every detail in Chapter 33 of your own personal copy of ***The Micozzi Files: The Corbin Cancer Secret and 55 More Covered-Up Cures.***

If you're over the age of 60 and feel like your memory isn't as sharp as it once was... I'd suggested reading the N.D.R. Protocol section first.

You'll get a **step-by-step guide** to what you need to do now...

You'll learn how to follow the protocol from your home...

...including where to buy the complete nutrient combo (I even share my top recommended sources).

But it's important you get started **right away...**

N.D.R. was shown to work on people with severe memory loss, major cognitive impairment, **and even diagnosed Alzheimer's disease...**

*But it hasn't yet been shown to work on some advanced Alzheimer's cases.*

So if you're experiencing any signs of a fading memory, *please don't delay...*

**Claiming THIS free book might just save your life.**

Remember, Alzheimer's drugs do nothing... **so I think the N.D.R. Protocol is one of my most important files.**

In a moment, I'll show you how to claim your free copy of ***The Micozzi Files: The Corbin Cancer Secret and 55 More Covered-Up Cures.***

But before I do, **I want to open 1 more of my private files for you...**

You're about to be one of the first people in the world to learn about it...

*And the timing couldn't be better.*

Because **type II diabetes** is an absolute plague on our country today...

And if you have diabetes, you feel like you're doomed to a life of **tasteless food, finger pricks, and scolding doctors.**

Not to mention the scary prospect of going blind, losing a foot, a massive heart attack... **or even dying.**

But now, finally... This doesn't have to be **your** future.

Because I've been studying a rare plant extract... *found deep in the steamy jungles of Asia...*

That can, naturally, **CURE your blood...**

What I mean is, just a **pinch** of this powerful extract will...

***Effortlessly send your blood sugar plummeting by 26%...***

But that's just the beginning.

It will also **improve your cholesterol** by 21%

And your **triglyceride levels will fall** by an astonishing 36%...

Can you imagine the look on your doctor's face when ALL your numbers have dramatically improved?

And you can have all this without changing **ANYTHING else** about your life...

Keep eating what you're eating (*and even slurpee a little*)...

...improving mine, you're saving your skin, saving a million...

You don't need to sweat through some grueling exercise program...

Just take a little pinch of this tropical extract...

And you could **say goodbye to your diabetes...** *for good.*

I'm talking about **Barbary Leaf**.

**Barbary Leaf** is the most promising treatment I've ever seen for **REVERSING type II diabetes**.

*And while your doctor very likely doesn't know a thing about it...*

The **international scientific community** has definitely taken notice of Barbary...

In fact, there are more than **2,800 scientific studies on this blood sugar wonder...**

And in a shocking 3-month study published in the medical journal *Metabolism*...

**Barbary Leaf beat the top-selling diabetes drug Metformin.**

In this impressive study, Barbary Leaf was just as good as Metformin for **improving blood sugar numbers**, like hemoglobin A1C and fasting glucose levels.

*But here's where it gets really interesting...*

Because **Barbary Leaf essentially CURED their blood sugar issues.**

**Meaning, those lucky participants who got Barbary also saw fasting plasma insulin levels drop by a huge 35%.**

*And it didn't just stop there...*

**Barbary Leaf also sent bad cholesterol and triglyceride levels falling... much, much lower.**

And another study on diabetics **confirmed those astonishing results.**

After **40 days on Barbary Leaf...**

Blood sugar (glucose) levels **decreased 26%...**

Triglyceride (fat in your blood) levels **plummeted 36%...**

And "bad" cholesterol levels **went down 21%...**

*Again, that's from taking Barbary **just for a couple months.***

Imagine how happy your family will be when you return home from your next doctor's appointment... *triumphantly holding your perfect test results...*

And how good it will feel to **start LIVING again...**

...to eat the delicious, satisfying foods you **WANT** to eat...

And to know your heart, eyes, feet, and brain are protected... **because your blood is now perfect again.**

Friend, with **Barbary Leaf – this can finally be your future.**

And you'll do it all **without** dangerous diabetes drugs.

But maybe you're wondering...

Why hasn't my doctor told me about **Barbary**?

Unfortunately, I can almost guarantee she or **he hasn't heard of it yet.**

Let's repeat it, all together now: **Just follow the money.**

Anyone who thinks Big Pharma wants us to be cured of diabetes *needs to have more than their blood examined...*

But you're too smart for that. **You see the truth.**

Because diabetes is an **\$85,000,000,000 INDUSTRY** these days.

Yep, that's **\$85 BILLION.**

And that's also **85 BILLION reasons** why Big Pharma wants to make sure you never get...

...this **natural, safe diabetes treatment that does NOT require drugs.**

So, unless you get my full file on Barbary Leaf today – don't expect to hear anything else about this blood sugar wonder...

I've put every detail in my new The Micozzi Files book – I'll tell you **how to claim your own free copy** in a moment...

But maybe you're asking how Barbary works to reverse type II diabetes?

Perhaps you've heard of something called AMP-activated protein kinase or **AMPK.**

AMPK is an enzyme that does something very important – it's responsible for **regulating**

**your body's cellular metabolism.**

If you have diabetes, "**activating**" your metabolism-regulating AMPK means your body actually starts working...

...like it did **BEFORE** you ever had diabetes.

And, you guessed it, **Barbary Leaf activates your AMPK...**

That means...

1. **Your cells absorb more glucose** (the way they did before you were diabetic)
2. It improves your insulin sensitivity, which means your body goes back to making **the correct amount of insulin again**
3. **It makes your liver release LESS glucose (sugar)**. This is important, because too much glucose can be very dangerous for diabetics.

The science is crystal clear...

**Barbary is a game-changer.**

When Barbary activates your AMPK...

And your body goes back to working like it did **BEFORE** you were diabetic...

You can finally get back your "old" life... when you didn't dread your next doctor's appointment...

...when your perfect numbers made your family proud...

And you **ENJOYED** rich, delicious meals every day.

Today, that's possible with the discovery of Barbary Leaf... **the blood sugar balancing wonder...**

That's why I'm making my full file on Barbary Leaf part of what you'll get in your copy of...

***The Micozzi Files: The Corbin Cancer Secret and 55 More Covered-Up Cures.***

I show you **HOW Barbary works** to balance your blood sugar, cholesterol and triglycerides.

You can even take this section to your doctor – *I can almost guarantee she or he will start suggesting Barbary to their other patients as well...*

I also show you exactly where to get the best source of **pure Barbary Leaf**.

You can now buy authentic Barbary Leaf online – but it's important you get **exactly** the right kind.

Beware of imposters that just won't work.

I tell you my number one source... with full contact information and the exact dosage you should take.

You'll be shocked how reasonable Barbary is... a full day's dose costs only about **60 cents...**

And I share everything you need to know in your **free copy of The Micozzi Files**.

In a moment, I'll share how to RSVP for your own complimentary 550 plus page book...

Inside, you'll find every detail you need on how to get covered-up Corbin for **beating even end-stage cancers...**

The mind-bending N.D.R. Protocol for **REVERSING memory loss...**

Natural Barbary Leaf that makes your blood sugar plummet... *effortlessly*

And **dozens** more natural, classified cures and disease solutions for senior Americans.

But if you have **painful, arthritic joints...** *you might want to flip to Chapter 21 first.*

Because that's where you'll find the **7-Day "Herbal Joint Replacement" secret...**

Friend, if you're suffering from **chronic joint pain...**

If you feel like you've tried **everything** to fix your aching joints...

And you're even considering going under the knife for a knee or hip replacement...

*You'll really want to hear what I have to say next:*

**DON'T DO IT.**

Not when there's an all-natural breakthrough that's **JUST AS EFFECTIVE.**

Without any painful surgery, cutting, injections, or therapies...

In fact, all it takes is just a couple tiny capsules a day for sweet relief.

It starts working in as little as **7 days...**

**Leaving you with brand new joints in 90 days**

**Leaving you with brand-new joints in 30 days.**

It works SO well, I call it the "**Herbal Joint Replacement**."

But its studies have been effectively **buried by our own government...**

And here's why...

**Joint replacements** are a booming business in the US...

**But they're often just a scam to get your money.**

*And here's the rub...*

**Many doctors actually KNOW this.**

In fact, **the world's TOP health journal:** The *New England Journal of Medicine* admitted knee replacements provide no real benefit.

And the American Academy of Orthopaedic Surgeons flat out **DENOUNCED knee surgery back in 2013...**

Did you happen to see **any** of those headlines?

*I'm not surprised...*

But if **the entire medical community knows** knee joint replacements are often worthless...

*How did this natural joint pain solution get covered up?*

Luckily, I have all the details in my files – and I'm ready to reveal the **TRUTH** right here.

*Let me explain...*

More than 723,000 knee replacements are done in the US per year...

And they come with a steep price tag too... at up to \$49,500 a KNEE.

Do the math: **That's \$35,788,500,000 (\$35 BILLION)** annually in the pockets of surgeons, hospitals, and medical implant manufacturers.

And when you're desperate for relief, you shouldn't have to empty your retirement account to pay for it. **No way.**

Or, worse, it breaks my heart to see hardworking Americans have to undergo **shoddy (and dangerous) knee operations** in Mexico, India, or other "third world" locations..

I'm here to tell you that **you have another option...**

You **don't** have to agree to an expensive surgery here in the U.S...

...and you should **NEVER** think about some dangerous alternative overseas.

And you **don't** need to consider dangerous, addictive prescription drugs to manage your pain either...

***I have MUCH better news...***

Especially when a 2-pill **Herbal Joint Replacement** exists...

...and it already **CRUSHED Big Pharma's joint pain drugs** in a head-to-head trial.

Impossible? Take a look:

Remember the prescription drug **Bextra**?

It was the pain pill "darling" of drug-maker Pfizer until 2005...

...when it was stripped from pharmacy shelves for causing patient's skin to *peel off their bodies...* before it killed them. **Yikes.**

Terrifying, right?

*So why didn't they tell you about **THIS** study?*

**Study #1: The 2-pill "Herbal Joint Replacement" tested against Bextra on 66 patients.**

After a short 8 weeks... the study ended.

And both groups reported **significant reductions in pain and stiffness...**

They were able to do their daily activities **with ease.**

But here's the thing... the second the Bextra group stopped taking their medication, **that's when the pain relief stopped too.**

Their newfound flexibility and pain-free life was taken from them *in an instant...*

But when researchers followed up with the Herbal group **a full month later...**

**They were still as pain-free and happy as the day the study ended.**

*Why?*

Because their knee joints were actually **REPAIRED** – instead of just the pain being *masked*.

There's even more...

**Study #2: And in a second study comparing the 7-Day "Herbal Joint Replacement" to pain drug Celebrex...**

It worked **just as well as the drug** to increase the range of joint movement and stop the "grating" feeling when there's friction between bones on cartilage in your joints.

But unlike Celebrex – which has a warning label because of the **increased risk of heart attacks and strokes...**

...Herbal Joint Replacement doesn't have a single serious side-effect. **None at all.**

Just additional health benefits.

The way it works is so powerful – it's actually a 3-pronged approach to **REGROW a healthy new knee**.

Because it...

1. **Stamps out excruciating joint tissue inflammation**
2. **Stops damaging arthritis**
3. **And is the "Superman of Analgesics" (pain relievers)**

Best of all, if you know where to look...

...you can get a bottle of this amazing herbal pain medicine for around **\$0 a month**.

So the way I see it, you can either go under the knife... pay \$50K...

...then have to recover from a major surgery... suffer in agony for more months... go to painful physical therapy for months after that...

And a full year later you *might* be feeling better... or you might not...

Or you could just start taking 2 of the **\$10 "Herbal Joint Replacement"** capsules today...

*Feel way less pain a WEEK from now...*

*And enjoy **brand-new, knees** in 90 days.*

Now, it doesn't just work for knee pain...

**It works WHEREVER you have painful arthritis.**

Hips... elbows... hands... neck... shoulders...*even your spine*.

If you hurt, **you need this solution today**.

That's why I tell you my recommended online source...

And exactly how much to take... in Chapter 21 of your confidential book: ***The Micozzi Files: The Corbin Cancer Secret and 55 More Covered-Up Cures***.

In just a few moments, you can tell me where to **mail your complimentary copy** of my new 550 plus page book.

When the mailman delivers your book, **open it right away**...

You'll see it's organized clearly into sections on *treating, reversing and even curing*...

**Cancer** – including brain, colon, lung, prostate, breast, skin and pancreatic cancers...

**Alzheimer's** and dementia...

**Diabetes** and blood sugar...

**Arthritis** and chronic pain...

And dozens of other health concerns impacting **Americans over the age of 60**...

I've included all my most important files... more than **55 life-saving solutions** in all...

*...underground information that your doctor simply does not know about.*

You'll get true, tested solutions for **every single major disease or senior health concern**... *without drugs, surgery, or expensive procedures*...

And, if you flip open to Chapter 46, you'll find one of my most controversial files, which exposes...

**The "unknown" deadly heart attack risk your doctor WON'T EVER test you for.**

And how one **\$9 heart attack "eraser"** could very well save your life...

It's an accepted mainstream medical "fact"...

If you want to **avoid a heart attack**, high cholesterol is your biggest threat, right?

**Wrong.**

The single biggest unknown danger is actually something called **"HCY."**

I'll tell you everything in your free report, but here's the gist of it...

"HCY" is an amino acid found naturally in your blood...

And that's perfectly ok.

After all, your body needs *some* of it for very important functions.

But here's the thing...

Too much HCY in your blood doesn't just spell bad news -- **it makes you a walking heart attack.**

And the scariest part?

Up to 41 million seniors could be living with high HCY and still have **no clue.**

So this begs the billion-dollar question:

**Why hasn't your doctor tested you for High HCY already?**

After all, the test is simple, cheap, and readily available.

The sad truth is: **I'm sure he doesn't know the research.**

Because I saw it get BURIED with my own two eyes.

See, way back in 1969 -- a brilliant and respected colleague (I'm protecting his name for privacy) found a DIRECT link...

Between deadly heart attacks, strokes... and High HCY.

He spent over a decade at Harvard researching this theory before publishing his work...

And, since then, THOUSANDS of scientific studies have AGREED with him.

High cholesterol isn't a risk factor for heart disease...

**HIGH HCY IS.**

Now at this point in the story you might expect that my colleague became famous.

After all, he **pioneered** a major scientific discovery that would go on to save countless lives.

Only the opposite happened...

**He was FIRED. And banned from publishing anything else on HCY.**

Why?

He had no idea, but his bosses were quietly in the pockets of Big Pharma corporations all along ...

And they were about to unveil their biggest money-making "miracle" yet: **Statins.**

But since statins have absolutely zip to do with HCY... my colleague's discovery just didn't fit their agenda.

They were terrified everyone would find out the truth...

So they flooded the mainstream media with bogus studies labeling high cholesterol as **public enemy #1.**

**...while *discrediting* his studies on HCY.**

**This man was an absolute hero, but instead he was PUNISHED for telling the truth.**

And, today, the mainstream is still force-feeding Americans the **big cholesterol lie.**

And we're paying dearly for it.

You see, in this country, doctors are taught **ONLY** to prescribe drugs...

And heart drugs are unbelievably BIG business.

Worldwide statin sales are expected to reach a mind-blowing **1 TRILLION dollars** by 2020.

So if high cholesterol is REALLY the #1 cause of heart disease...

And statins are the **ONLY** way to treat it...

**How come the number of cases is growing 2% every year?**

And why have DEATHS from heart disease increased 41%?

That sounds FAR from a "miracle" if you ask me...

The fact is, the pharmaceutical corporations still **DON'T WANT you to know** about the danger of HCY... because they don't have a single drug to sell you for it.

Instead, they **WANT** you to panic about your cholesterol and keep taking your daily statin ...!!!

pills.

**It's an absolute CRIME.**

But I've got some good news... **because an all-natural nutrient "cocktail" exists...**

**That works to reverse high levels of HCY using just 3 vitamins.**

**(Yes, the solution is really that simple.)**

It works SO well, it's even been called "the heart attack eraser."

And I believe getting the truth out is the #1 way to stop America's heart disease epidemic... **for good.**

Today, I'm releasing my confidential file on this **safe, natural therapy...**

...to keep your HCY levels in check and make your body virtually heart attack-proof.

You'll be amazed at how easy it is... *and how shockingly cheap.*
