## [Printer-Friendly Version](#)

Dear **Dickmorris.com** Reader,

In less than two days, the first phase of the **Million Dollar Secret Code** will close.

Just 2 weeks ago, we held the "Call to Arms" webcast program with Dick Morris. In the webcast, Newsmax revealed its **Million Dollar Secret Code**. This program has been a huge success.

Though Newsmax is an advertiser, and is paying for these emails, Dick Morris was so impressed by the **Million Dollar Secret Code**, he decided to subscribe to this program and invest part of his portfolio in the "Secret Code" recommendations.

Dick Morris was also impressed that I, the CEO of Newsmax, am putting \$1 million of **MY OWN** money into a portfolio that will track the "**Secret Code**" recommendations.

You can join this exclusive program. The first phase offered 1,000 spots. **Only a few remain before the first introductory phase and their benefits end at 11:59 PM Wednesday night.**

You have to act now if you want to join us — [So Go Here Now!](#)

As you loyal readers know, Dick Morris has repeatedly warned of President Obama's socialist plans for the U.S. economy. The "Secret Code" will help protect your wealth against such plans. Dick Morris knows David Frazier, the guru behind this remarkable program.

I urge you to take a moment from your busy day to read about him and the **Million Dollar Secret Code**.

So please read my urgent report on the dangers of Obamanomics and how the "**Secret Code**" can protect you and your wealth in the months and years ahead:

Christopher Ruddy
